<p>Ocean Lofts 1258 Ocean Avenue UP07-01, DR07-02, VAR07-01 Map No. 7</p>	<p>Construction of two new dwelling units and demolition of one existing dwelling unit. Demolition requires City Council approval.</p>	<p>On March 22, 2007, Commission deadlocked 3-3 on project, with one recusal, so application went to Council without a Commission recommendation. On April 17, 2007, Council approved project 4-0 with one recusal. Council approved one-year extension request on January 20, 2009. Council considered second extension request on April 20, 2010 and directed that ordinance be modified to allow demolition of existing house prior to issuance of building permit for replacement structure. Revised ordinance was passed on September 21, 2010 and took effect October 21, 2010. Planning Commission considered extension request, and new finding allowing demolition of existing house, on December 9, 2010, and voted to recommend denial to City Council. City Council held public hearing on January 18, 2011 and continued it to February 1, 2011, at which time they voted to approve extension to April 17, 2011, but not to allow demolition of existing house until building permit for replacement structure is ready to issue. Resolution to this effect was passed on February 15, 2011. Building permit applications submitted on January 18, 2011; extended to July 18, 2012 by Chief Building Official on November 21, 2011. Permit applications were approved and ready to issue but expired on July 18, 2012. Permit to remove street tree approved by Planning Commission on September 27, 2012. On March 13, 2014, City received letter from Alameda County District Attorney saying that applicant was the victim of a crime by which the property was fraudulently "sold" several times beginning on March 8, 2011 when a deed with a forged signature was recorded with the Alameda County Recorder. DA requested City to "place the property rights back into position held as of March 8, 2011." Thus, planning and building permits are still considered valid, and have been reactivated after a temporary suspension. Building permits were approved and ready to be issued in December 2016 pending payment of permit fees. On December 12, 2016, received permit application to demolish existing house. Demolition permit issued June 2, 2017; building permits for two new units issued June 7, 2017. Planning Commission recommended approval of design modifications to add roof decks on 4-1 vote with one abstention and one absence on January 25, 2018; City Council approved modifications on 3-2 vote on March 6, 2018.</p>	<p>Ali Eslami (510) 774-8387 a.ali.eslami@outlook.com</p>
